

Accuflex (RPS) ARM - ACCESSORY

ACCESSORIES for all models Accuflex arms		
Code		Description
RUBY05		Renishaw Ruby Stylus 0,5mm dia.
RUBY02		Renishaw Ruby Stylus 2mm dia.
RUBY03		Renishaw Ruby Stylus 3mm dia.
RUBY04		Renishaw Ruby Stylus 4mm dia.
RUBY06		Renishaw Ruby Stylus 6mm dia.
RUBY08		Renishaw Ruby Stylus 8mm dia.
MECPA2		Mechanical probe body, hard-probe, with Renishaw autojoint, auto-recognition, sphere stylus dia. 2mm
MECPA3		Mechanical probe body, hard-probe, with Renishaw autojoint, auto-recognition, sphere stylus dia. 3mm
MECPA4		Mechanical probe body, hard-probe, with Renishaw autojoint, auto-recognition, sphere stylus dia. 4mm
MECPA6		Mechanical probe body, hard-probe, with Renishaw autojoint, auto-recognition, sphere stylus dia. 6mm
MECPA8		Mechanical probe body, hard-probe, with Renishaw autojoint, auto-recognition, sphere stylus dia. 8mm
MECPAP		Mechanical probe body, hard-probe, with Renishaw autojoint, auto-recognition, sphere stylus pointed
RERLP2		Renishaw LP2 touch-trigger head, with FS-2 adaptor and Renishaw autojoint mount, auto-recognition
ANGP45		Angular Probe 45°, with Renishaw autojoint, auto-recognition, sphere stylus
ANGP60		Angular Probe 60°, with Renishaw autojoint, auto-recognition, sphere stylus
ANGP90		Angular Probe 90°, with Renishaw autojoint, auto-recognition, sphere stylus
ANGPR3		Set of 3 Angular Probe, 45°, 60°, 90°, with Renishaw autojoint, auto-recognition, sphere stylus
EXTP10		Extended Carbon Probe 150mm, with Renishaw autojoint, auto-recognition, sphere stylus
EXTP13		Extended Carbon Probe 180mm, with Renishaw autojoint, auto-recognition, sphere stylus
EXTP18		Extended Carbon Probe 200mm, with Renishaw autojoint, auto-recognition, sphere stylus
EXTPR3		Set of 3 Extended Carbon Probe, L=150mm, L=180mm, L=200mm, with Renishaw autojoint, auto-recognition, sphere stylus
FROGC4		Set of 4 cones hole with magnet (for "leap-frog" coord. Repositioning)
CPRB01		Stylus point tip (conical)

ACCESSORIES for all models Accuflex arms

LASF30		Laser fork 30mm with Renishaw autojoint mount, auto-recognition
LASF3S		Laser fork 30mm with Renishaw autojoint mount, auto-recognition - for smaller pipes
LASF50		Laser fork 50mm with Renishaw autojoint mount, auto-recognition
LASF80		Laser fork 80mm with Renishaw autojoint mount, auto-recognition
LASF15		Laser fork 150mm with Renishaw autojoint mount, auto-recognition
SCAB01		Scanner Mounting Bracket with Renishaw autojoint mount for RPS Scanners
SCAB01		Scanner Mounting Bracket with Renishaw autojoint mount for H120 Scanner
INTBR1		Brunson Interface
ALUM01		Aluminum mount base with clamps (2)
MAGB01		Magnetic base, with 3 magnets and quick mount 3 1/2
TREP01		Steel Tripod, adjustable column (90-140cm) and laptop stand
TRPMW1		Metrology Works Tripod, Kodiak Seies heavy-duty, with carbon fiber legs
TBSUP1		Tube support with holding clamp
KITBT1		X Series Arm Battery Kit (includes two batteries and a Dock station charger)
BATRY1		X arms battery
DOKST1		Dock station charger Battery
PWBTY1		Standard charger for battery
PWRBK1		Powerbank con autonomia di 22h
CALG25		Linear gage Johnson L=250mm with SIT certification
CALG05		Linear gage Johnson L=500mm with SIT certification
CALG07		Linear gage Johnson L=700mm with SIT certification
CALG01		Linear gage Johnson L=1000mm with SIT certification
CALS20		Calibration sphere dia.20mm with precision certificate magnet
CALC01		Calibration tool 3 spheres 'cone' set with magnet

ONLY FOR RESELLERS		
CALCB7		Certified carbon fiber bar, with reference cone 700mm, for calibration (only for resellers)
CALCB1		Certified carbon fiber bar, with reference cone 1000mm, for calibration (only for resellers)
CALT01		Calibration Tripod for gage and certified 20mm sphere support (only for resellers)
CALTTC		Calibration tools for resellers (including calibration tripod, certified sphere and certified carbon bar)
CALTRF		Calibration Tripod FIXED, heavy duty (only for resellers)
OFFFS2		Offset interface for LP2 probe - Special tool for 7 axis calibration - only for distributors
SPARE PARTS		
Cod.		Description
USBCA5		Cable USB to PC with arm connector (5m)
REPWR1		Power Supply for arm unit (with cable and connector)
SAFLK1		Safety lock mechanical spare part only
SAFLK2		Safety lock mechanical spare part, including 1 carbon tube
SAFLKT		Safety lock mechanical spare part for arms size from 4.5m (titanium parts)
SAFLK3		Carbon tube (counter-balance)
LANBRD		Spare board LAN internal converter
USBBRD		Spare board USB internal converter
BATT1		1 Battery Module for EVO-REVO
RE7AX1		Spare encoder board 7th axis
REDAX1		Spare encoder board double axis
RESAX1		Spare encoder board single axis
RESSP1		Spare board electric button 6th axis
REMAS1		Spare Master Board
SRING5		Slip ring axis 5
SRING3		Slip ring axis 3
REENC1		Encoder kit
GMENC1		Encoder kit for Garda and Metris arms
HANGR7		Handgrip (Pistol grip) ABS shell spare part
BUTEGR		Electric button (green or red)
COVBEV		REVO series plastic cover base kit
COVUPP		REVO series U plastic cover, black color
